With our assortment of high-end Mounting products, you can add style with structure and strength to all of your prints. Our most premium option, **Bamboo**, gives an eco-friendly feel but also adds that modern, stylish look. **Bamboo Mounting** is available in two depths and two beautiful colors. The Professional Print Wrap (formerly known as Gallery Block) is another premium option to mount your photos. Your print is laminated and adhered onto a wood base. With our proprietary machining process, it gives your photo those perfect 90-degree corners and creates a beautiful finished product. (For more details on our Professional Print Wrap line, please turn to page 14.)

Our **Single** and **Double Weight** matboard give your photos a sturdy backing to ensure the quality of your prints for years to come.

Another great and premium option for mounting your photos is the sturdy, 2mm black **Styrene**. Or, try out **Standouts** for a unique and contemporary feel. Your prints are mounted on thick, yet lightweight foam and finished with a 3/4" black band around the edge.
